

## **DELOS 1-STAGE WATER FILTRATION SYSTEM (POINT OF ENTRY)**

The Delos 1-Stage Water Filtration System targets the removal of chlorine and sediment at every tap and shower in the home. Reducing chlorine helps mitigate the risk of skin irritation and stomach discomfort, and improves the taste and odour of your water.

**DETAILED SPECIFICATIONS 1-STAGE WATER FILTRATION:**

|                                  |                     |
